ZODIAC IBA's (Inflatable Platform) **ZODIAC EXTENDED SERVICE (TRANSPORT CANADA APPROVED)**

FEATURES: Zodiac's patented extended service IBA's provide up to 2.5 years (30 months) between the service intervals, providing savings to vessel owners and operators. An additional benefit of the extended service pack is that the IBA does not have to be removed, transported and re-installed annually.

These durable IBA's have been designed for passenger carrying vessels operating inshore on protected waters where a covered liferaft is not required. A unique feature of this range is the protective pouch the IBA is packed in, providing the extended service benefit.

- Extended service up to 30 months between service intervals.
- Reduced handling-benefits owner/operators by reducing costs.
- Available in sizes from 45 – 150 person capacity.
- Transport Canada approved.
- Dual buoyancy chambers.
- Packed in a watertight, sealed protective pouch, providing better protection from the harsh marine conditions.
- Thermo bonded polyurethane construction.
- Extensive service station network.
